## Summary

---

Motivated Computer Science (AI) undergraduate with strong coding skills in Python, C, and C++ and solid understanding of Data Structures and Algorithms. Experienced in AI-based academic projects using NLP and OCR, seeking opportunities to contribute to real-world software development while enhancing technical skills.

## Technical Skills

---

**Programming Languages:** Python, C, HTML, CSS, Java Script

**Core Concepts:** Data Structures and Algorithms (DSA), DBMS

**Tools:** PyPDF2, Tesseract OCR, Streamlit

**Non Technical Skills:** Problem Solving, Analytical Thinking, Researching

## Internship

---

### AIML Intern

August 2025 – October 2025

*Academic Internship*

*Tools: Python, NLP, scikit-learn, Streamlit, OCR*

- Developed an **AI-based Legal Document Analyzer** to summarize legal texts and extract important clauses using NLP techniques.
- Implemented **contract classification and risk term detection** using machine learning models in scikit-learn.
- Integrated **OCR for scanned PDFs** using Tesseract and text extraction using PyPDF2.
- Built a user-friendly web interface with **Streamlit** and implemented basic authentication for secure access.

## Projects ([GitHub](#))

---

### Weather Forecast Web App | *Python, CSS, Streamlit, API*

January 2026

- Developed a responsive web app that shows real-time weather data using OpenWeatherMap API.
- Implemented city-based search, temperature, humidity, and weather condition display.
- Implemented a **4-day weather forecast feature** displaying daily temperature and conditions using extended API data.
- Processed and grouped time-based forecast data to show clear day-wise predictions for better user planning.

### Personal Portfolio Website | *HTML, CSS, JavaScript*

December 2025

- Designed and developed a personal portfolio to showcase projects, skills, and contact information.
- Implemented smooth scrolling, responsive sections, and project gallery layout.
- Added contact form and social media links for easy recruiter reach.
- Deployed the website using GitHub Pages for public access.

## Awards & Certifications

---

- **Best Poster Award – TECH STAR SUMMIT 2025:** Presented SPSS-based analysis on drug usage trends, focusing on depressant categories such as alcohol.
- **DBMS Certification – Oracle:** Gained strong understanding of relational databases, SQL queries, normalization, and data retrieval concepts.
- **NPTEL Certification – Internet of Things (IoT):** Completed an online course covering IoT architecture, sensors, communication protocols, and real-world applications.

## Education

---

### B.Tech Computer Science and Engineering

Expected: 2027

*SIMATS Engineering, Chennai*

*CGPA: 9.43*

### Intermediate (12th) – MPC

Passed: 2023

*Board of Intermediate Education, Andhra Pradesh*

*Percentage: 9.6%*

### High School Education

Passed: 2021

*Board of Secondary Education, Andhra Pradesh*

*Percentage: 9.9%*
